Understanding your Personality will help you identify your consistent behavior patterns. Every individual is different due to their unique blend of attributes. Personality assessment identifies what career options suit your style and match your personal attributes.

Your Dominant Personality Thit

Your Personality in Detail

Y Locus of Control

Meaning

Locus of Control is the individual's perception of the power they have over events that happen in their lives. People with this trait believe that they have control over their own destiny and are convinced about their own skills

Expert Analysis

You feel that all your abilities, skills and reinforcement are dependent on your luck and external factors. You feel better when you get directive from others, as your decision-making may be low which makes you less of a leader and more of a follower. You are not very good in situations where initiative is to be taken and your dependency is high making you less independent in nature

Development Plan

You can improve your internal locus of control throughouting strategies -:

- Be assertive: You have to start speaking up you and take responsibility for your acts as blaming others would not work
- Develop trust: After understanding your strengths, you have to start trusting yourself. Believe in whatever you do or perform. Strong level of trust in oneself makes a person conficent and composed.
- Stop being judgmental: Stop judging all your actions and go easy on yourself. Demanding too much sometimes leads to drainage of strength and hence failures.
- Be relaxed and rejuvenate yourself: Sometimes too might sees to excel leads to panic and then everything you work on gets spoiled. Take timeouts to start regaining confidence yourself.
